## 1. General Information

**This Import Information Note (IIN) must be read in conjunction with the IIN for general information for imports of products of animal origin (POAO), which provides information on pre-notifications, veterinary checks, risk categories etc.**

**[General information for imports of products of animal origin \(POAO\) for human consumption \(defra.gov.uk\)](https://www.defra.gov.uk)**

References to European Union (EU) legislation within this document are references to direct EU Legislation which has been assimilated in Great Britain (assimilated direct legislation), as defined in the Retained EU Law (Revocation and Reform) Act 2023 and can be viewed on the UK legislation website ([legislation.gov.uk](https://www.legislation.gov.uk)).

## 2. Scope

Import conditions for meat products and treated stomachs, bladders and intestines intended for human consumption.

Meat products are defined in [Regulation \(EC\) 853/2004](#) as processed products resulting from the processing of meat or from the further processing of such processed products so that the cut surface of the original product shows that the product no longer has the characteristics of fresh meat.

'Treated stomachs, bladders and intestines' means stomachs, bladders and intestines that have been submitted to a treatment such as salting, heating or drying after they have been obtained and after cleaning.

## 3. Country of origin

Imports are permitted from trading partners listed in a document published by the Secretary of State, with the consent of the Scottish and Welsh Ministers. See the documents for meat products at the links below.

- [Non-EU countries](#)
- [EU and EFTA countries](#)

**In addition**, the country of origin must be listed for the appropriate species in a document published by the Secretary of State, with the consent of the Scottish and Welsh Ministers, in accordance with Decision (EU) 2011/163 on the approval of residue monitoring plans submitted by third countries. The relevant documents are accessible using the links above.

## 4. Approved establishments

Products must be produced in an establishment approved to export to Great Britain.

Consolidated lists of approved plants are available on [data.gov.uk](http://data.gov.uk).

The above link does not include approved establishments in the EU. Until those are included please use the list found via this [link](#).

## 5. Health certification/documentation

Imports to Great Britain must be accompanied by the appropriate health certificate (\*), which can be found on GOV.UK.

[Meat products: model health certificates - GOV.UK \(www.gov.uk\)](http://www.gov.uk)

(\*) Please note that this requirement applies to products in the high and medium risk categories. Further information regarding risk categories can be found at the links below.
