APHA Briefing Note 28/21

Bovine TB Vaccination – Field trials underway for world-leading cattle vaccine and skin test for bovine tuberculosis

Date issued: 7 July 2021

Purpose

To inform you of the Press Notice <https://www.gov.uk/government/news/field-trials-for-leading-cattle-vaccine-and-skin-test-for-btb> released today about the Bovine TB Vaccine Field Trials in regards to the commencement of Phase 1.

The field trials will be conducted on behalf of Defra, the Welsh Government and the Scottish Government, following more than 20 years of ground-breaking research into bovine TB vaccines and diagnostic tests.

Further information about the next stages of the field trials will be communicated in due course.

Further Information
